

## Product data sheet

Product category	Humidifiers		
Brand	Qlima		
Model	H 724		
Colour	White		
EAN code	8713508785158		

## Technical specifications

Evaporative capacity <sup>1</sup>	l/24h		
Autonomy <sup>1</sup>	h		32
Power consumption cool mist / hot mist <sup>2</sup>	W	cool mist	100
		hot mist	n.a.
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1	
Current nominal	A	cool mist	0,5
		hot mist	n.a.
Suitable for space <sup>1</sup>	m <sup>3</sup>		310
Capacity water tank	l		24
Operating range <sup>1</sup>	°C		5 ~ 40 / 45 ~ 95
Sound pressure noise level at 1 m (SPL)	dB(A)		42
Humidifier system	cool mist		ultrasonic
	hot mist		n.a.
Control	touch panel		
Adjustable evaporation (low/medium/high)	Yes		
Negative ions generated	ions/cm <sup>3</sup>		8000000
Included filters	N.A.		
Dimensions (w x d x h)	mm		310 x 250 x 620
Net. weight	kg		5,5
Length power cord	m		2
Protection class	IPX0		
Warranty	years		2

<sup>1</sup> For indication only, depending on ambient condition.

<sup>2</sup> Power consumption is dependant on the selected mode.

## Package content

Humidifier, User manual

## Accessories (not included)

Description	EAN code

XXL Capacity of  
24L/day

Very silent

Timer function

Negative ION  
generation

Removable water  
reservoir

360° mist

## Features

**Ultrasonic technology:** Due to the use of ultrasonic technology the energy consumption of the unit in cool mist mode is low.

**Quiet operation:** The humidifier works with an extremely low noise level, comparable with whispering level. The only thing you here is the tranquilizing sound of the bubbling of water every now and than.

**Ionizer function:** Automatic production of negative ions for a greater comfort of use.

**Controllable humidity capacity:** The required moisture output can be adjusted by means of a button, 3 mist capacities can be selected.

**Hygostat:** The required humidity can be selected by the hygostat button. Humidity can be set between 40 and 70% in steps of 5%.

**Large water container:** The humidifier is equipped with a large 24 liter water container. Due to the large size of the water container the unit can operate for at least 32 hours continuously, without a water refill.

**Rotatable top cap:** The unit is provided with a rotatable top cap, introducing a 360° selectable moisture flow outlet direction.

**Refill indication:** When the unit needs to be refilled this is indicated on the display and by means of an alarm sound.

**Cool mist:** Due to the ultrasonic system, the discharged water vapour is cold (no risk of a burn wound).

**Safety device:** When the water container is empty, the unit switches off automatically.

**Full colour box:** The unit is delivered in a stylish full colour box showing application and operation information in multiple languages.

**Note:** The humidifier has to be cleaned periodically to avoid damage by scaling. Use the same agent as for your coffee machine.
