Features

Very stylish exclusive Qlima Design: This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourfull blue indication ring presents this model as a revelation in high end aesthetics on household dehumidifiers.

Extremely quiet: In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room. The sound produced is whispering quiet. This dehumidifier surely is one of the most silent dehumidifiers available in the market today.

Swing function air outlet : The air outlet is positioned on the upper part which is equipped with a movable flap (up / down). In this way, the air spreads evenly and is particularly useful for drying laundry. The function 'Swing' can also be deactivated.

Hygostat: The humidity can be regulated via an adjustable hygostat.

Hygrometer: The unit is equipped with a hygrometer which indicates the relative humidity in the room.

Large size, removable water tank: For ease of use for the end-user this dehumidifier has a extremely large capacity of watertank. With this giant size of water tank the frequency of having to empty the tank is significantly reduced.

Water container cover: To prevent the unwished splashing of water by the end-user while taking out the container and transporting the container to the drain: the water container is equipped with a cover.

Automatic switch off: When the water container is full, a LED light will light up. The dehumidifier will automatically switch off.

Power cord storage: The dehumidifier is provided with an easy to use power cord storage possibility.

24 hour timer: The unit is equipped with a timer function which can switch off the unit after 1-24 hours.

Convenience easy to move: The unit is equipped with top handle at the top back of the unit. For even more ease of use this dehumidifier is equipped with castors (wheels).

Compressor: The dehumidifier has a silent rotary compressor.

Defrost function: The unit is equipped with an intelligent defrost system for use in lower temperatures.

Full colour box: The unit is delivered completely with auxiliary parts in a full coloured box showing applications and operation information in several languages.
